## Welcome to the DoKomi 2024!

Welcome to the 16th DoKomi! Three days of convention flair among 170,000 like-minded people await you! It's time for sensory overload, colourful cosplays, talented artists and the most intense weekend of the year! We have brought a little piece of Japan to you here in Germany and hope you will enjoy these days and meet lots of friends. With an area of over 150,000m<sup>2</sup>, spread over 7 halls and the Congress Centre South, there is so much to discover!

Take your time to explore everything and dedicate an entire weekend to your passion. And if you see one of our hard-working little helpers on your adventure, give them a smile - because organising such a big convention is a real feat of strength!

Our shared scene is flourishing and thriving. This is also reflected in the number of exhibitors, artists and community booths - we've never had as many as this year!

For the first time, we are dedicating an

entire hall to Japanese fashion and content creation - because VTubers, streamers, TikTokers, Youtubers and the like are increasingly shaping the digital space of our community. And our Seijin Area (18+) will also be given two small halls of its own for the con within the con.

If you just want to sit down, switch off and enjoy the programme, we have prepared 7 (!) different stages for you and offer pure variety!

Enjoy the weekend, live out your hobby and have fun! Let's bring a lot of great people together and bring them closer to each other! Remember: You are part of this convention and make DoKomi what it is today! We wish you a wonderful time here from the bottom of our hearts! :D

# Always there for you

If you are not feeling well, you can always contact the nearest helper and ask where the first aid station is located.

## Falls es Dir nicht gut gehen sollte

Unsere Sanitäter findest Du in Halle 16, Halle 5 und im EG des CCD Süd. Das Team steht Dir gerne und jederzeit zu Verfügung. Daher kannst Du, selbst wenn Du denkst, dass es „nichts wichtiges“ ist, kurz die Sanitäter um Rat fragen. Sollte es sich um einen Notfall handeln, kontaktiere am besten direkt einen Helfer oder Security-Mitarbeiter in der Nähe!

## In case you are not feeling well

You will find our paramedics in Hall 16, Hall 5 and CCD Süd. The team is at your disposal at any time. Therefore, even if you think it's "nothing important", you can briefly ask the paramedics for advice. If it is an emergency, it is best to contact a helper or security staff in the area directly!

## 気分が悪くなったら

ホール 16,ホール 5,CCD Süd に救護室があり救急隊員がいます。いつでも利用可能です。緊急でないことでも、気軽に医療スタッフにご相談してください。緊急時には近くにいるボランティアスタッフまたはセキュリティスタッフに直接声をかけてください。

## Luisa is here!

If you feel insecure, threatened or assaulted, contact a helper or security and ask if Luisa is there. You will then receive help and support!

Please make sure you always drink enough.

## Visitor-Information

Do you have any questions about the event? Our visitor information team will be happy to help you!

You will find us directly at the two main entrances North and South as well as in Halls 3, 4, 5, 7a and 17, where we will take care of all your concerns - whether it's problems with tickets you've bought, you're looking for a specific programme item or booth or you want to know something about the location itself.

## Lost property office

At the visitor information centre you will also find our lost property office - so if you have found something and want to hand it in or are looking for a lost item, just drop by.

Lost property that is handed in after the end of the event or that is not collected during the convention will be stored - so if in doubt, it is worth writing to us at [buero@dokomi.de](mailto:buero@dokomi.de) afterwards. Please always include as detailed a description as possible (ideally with a picture, if available) of your lost item.

## Meeting point

DoKomi is getting bigger and bigger and we are delighted that the convention is so popular! :D The downside, however, is that it's easier to lose track of each other and it's not always easy to find your friends/family in the hustle and bustle of the con.

In order not to disrupt the programme too much, we cannot call out every missing person unless it is a really urgent case - we ask for your understanding.

We therefore recommend that you arrange an easily accessible emergency meeting point in advance. Our visitor information centre at the north entrance is a good place to do this.

Please also make sure that your mobile phone is sufficiently charged and that you have the contact details of your companion so that you can reach them.

## Cosplay-Emergencies

Sometimes you get unlucky and your painstakingly crafted cosplay is damaged at the trade fair. This is annoying, but in most cases not the end of the world: Booths 4H01, 5F02, 17B01 and 17D06, among others, offer cosplay repairs - so feel free to ask there.

# TIMES

On the seven stages of DoKomi - the **Black Stage**, the **Live Stage**, the **Dance Stage**, the **Fashion Stage**, the **Hana no Machi Stage**, the **VTuber Stage**, the **Seijin Stage** and our **Community Tournament Stage** - you can expect a varied and extensive programme. We attach great importance to providing the highest level of entertainment!

The **Black Stage** in Hall 9 will host exciting live concerts and performances by our international guests of honour as well as numerous **show acts from the German fan scene**, who will put their heart and soul into putting on a great show for you. A wide variety of competitions, including the DoKomi Cosplay Contest and subsequent award ceremonies, take place here. Take part in the annual character auction and watch with enthusiasm as the audience raises a large sum for a good cause.

On the **Live Stage** in the CCD, you can also expect musical show acts, as well as interesting **talk panels and podcasts** on various topics from our scene. **VTubers'** performances, **cosplay competitions** and other interactive programme items such as **Otaku Exposed** or the **Anime Allstars** offer top entertainment. The special thing is that in addition to the more than 1000 seats on site, thousands more viewers will join this stage from home and on the go via our Twitch livestream.

In the **Dance Area**, you have the chance to dance along interactively to **dances from Japan and Korea** or get carried away by the performances of various dance groups!

Various fashion shows and interactive panels will take place on the **Fashion Stage** in Hall 4.

The **Hana-no-machi** team will be presenting shows inspired by traditional Japanese art on its stage.

On the **VTuber Stage** in Hall 17, we offer the growing VTuber community its own stage.

The **Seijin Stage** is located in the Seijin Area in Hall 7A and offers a varied programme that integrates the artists and exhibitors present. Fun and entertainment are guaranteed.

## Cosplayball

A magnificent ball at which Princess Peach and a finely dressed Link waltz together while a song from Sailor Moon plays? This is the Dokomi Cosplayball, where you can experience a ball of the nerdy kind in the finest evening attire. Live singing and piano, moderation, ambience, photo opportunities and an extensive programme await you.

Entrance to the Cosplayball is possible from 7 pm via the entrance of the CCD Süd (next to the main entrance south). You will need a Cosplayball ticket to enter.

**DEUTSCHE TV-PREMIERE  
DIESEN SOMMER**

# HALL PLANS

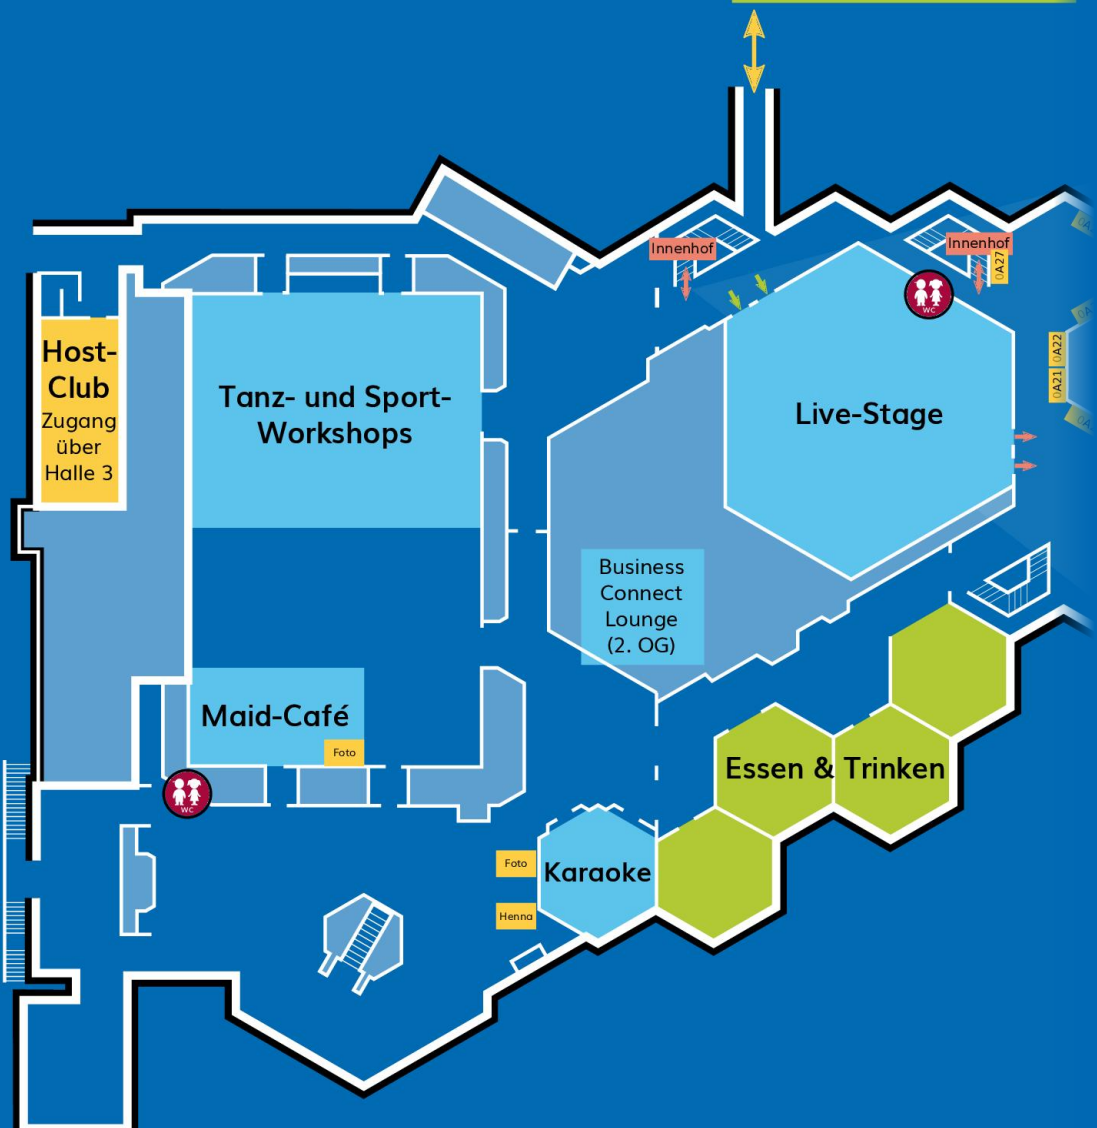

At the trade fair itself, DoKomi occupies a total of 7 exhibition halls with over 130,000 m<sup>2</sup> of space, the Congress Centre South with approx. 20,000 m<sup>2</sup> and an inner courtyard with approx. 20,000 m<sup>2</sup> of event space. In addition, there are workshop and event rooms along the newly built Hall 1. The CCD and the new Messe Süd also include bistros for our popular event cafés, the Lucky Chocolate Maid Café and the Sweet Spice Host Club.

On the following pages you will find a map of the exhibition centre and a map showing the locations of the exhibitors and fan booths. In the inner courtyard there are also a variety of food and drink stalls to discover, offering something for every taste!

P.S.: We recommend that you make notes of your favourite booths in advance so that you don't miss anything at DoKomi! With such an extensive programme over three days of DoKomi, it's easy to get lost in the euphoria!

The German Pavilion  
will be welcoming its visitors  
under the title “Wa! Germany”.

Germany's participation  
revolves around the theme  
of circular economy.  
On their tour around the pavilion,  
visitors will be accompanied  
by our cute little mascots  
called the Circulares.

# Fanbooths

The motto "From fans for fans" is at the forefront of DoKomi. Accordingly, we also offer a platform for a large number of fan projects, artists, designers and more who are looking forward to meet you!

In **Hall 3**, for example, you will find Europe's largest Artist Alley! Meet hundreds of talented illustrators, experience a veritable flood of different styles, themes and products and don't miss the opportunity to talk to the artists yourself.

Are you looking for handmade accessories or are you passionate about fashion? Then **Hall 4** is the right place for you, as it's all about (Japanese) fashion in all its facets, unique, handmade jewellery and unusual designs!

**Hall 7a**, which is part of the Seijin Area (18+), is where things get spicy. There you'll meet cosplayers and artists who focus on adult content and cover all areas - from yaoi and yuri to horror and gore. It's definitely worth a visit if you're of age!

We're always amazed at how diverse and creative the community is and have the incentive to support new developments and trends. That's why this year, for the first time, you'll find smaller content creators, such as VTuber, in our new Hall 17 alongside larger streamers, who will have their own stand there and interact live with their community. We are also providing a separate stage, the VTuber Stage, which will be organised in collaboration with the community.

# Crowdfunding

Take an active part in organising the convention!

We were also able to improve and expand the con in many ways for this DoKomi thanks to you as part of our unique ticket price system. We have focused on your favourite interests in order to use your support in a targeted and meaningful way.

This year, the additional budget generated will flow into improved infrastructure, such as free lab-tested drinking water dispensers for all visitors, more seating, carpet and decoration for the flair, more toilets and also into the programmes at the convention.

The 18+ area has been renamed to Seijin Area (jap. "Seijin" = age of majority) and is moving into two small halls of its own, the Creator Hall has been established and offers more space for meet and greets from the community, dedicated streaming areas and a new VTuber Stage. There you can meet almost all members of the Anime Allstars and - with the exception of Franky's voice actor - all the voice actors of the Straw Hat Gang from One Piece.

As the "Japanese Fashion" area is becoming more and more popular with our visitors, we have also gone all out for you there - with a massive expansion of the Fashion Area and the Harajuku Dreams Boutique, more changing rooms for fashion enthusiasts and cosplayers, as well as a Japanese designer who travelled here especially for us. With the additional halls, we have also ensured that visitor flows can be better channelled and separated, so that you can get from A to B more easily and without jostling.

We hope that all these improvements will make the convention even more enjoyable for you!

Thank you!
