

## **3 days full of showcases, workshops, random dance challenges and more!**

We look forward to your applications.

To ensure that all visitors who want to come to your workshop/showcase can be in the event halls on time, we will no longer schedule workshops/showcases in the early hours of DoKomi.

- We want the Dance Area schedule to be as balanced as possible. Dance styles, ideas etc. that stand out from the crowd are especially welcome.
- You shape the Dance Area! If you have new ideas for programme items etc., you can contact us via email or Instagram

### **General rules:**

- Dance styles that are related to DoKomi are welcome. For example: Odottemita, JPop, Yosakoi, KPop and many more.
- Each application will be examined in detail and a decision will be made as to whether it fits into the Dance Area in terms of theme, time, etc.
- Collaborations between dance groups are possible.
- Videos/photos etc. for the application and social media must be submitted independently within the application period.
- Please inform us of any missing information in the application by using the comments function in the application. (e.g. missing member names, missing program information, etc.) Incomplete applications without comments will not be considered.

### **Rules at DoKomi:**

- Shoes must be worn on stage (unless communicated otherwise).
- The stage needs to stay clean (no water, glitter, confetti etc.).
- Nothing may be thrown into the audience during the performance.
